OPPORTUNITY LINKS

The Licking County One Stop Employment and Training Center

**ONE CONVENIENT
 LOCATION FOR ALL
 YOUR EMPLOYMENT &
 TRAINING NEEDS!**

The One-Stop Source for Job Seekers and Employers!

Licking County recognizes the need for community partners to work together to provide one-stop employment and training links to the community. The Licking County Opportunity Links Center enables job seekers and employers the ability to access services, information, and opportunities at one location.

The facility includes a full service and staffed Resource Room equipped with computers with internet access, job search software, and educational tutorials. A large classroom provides space for the ABLE/GED center and job search workshops. Two private interview rooms allow employers to set up on site interviewing and special recruitment sessions. This center is operated through a cooperative effort of Licking County's One Stop Partners. All partner services can be accessed through our center.

The partners include:

- Central Ohio Technical College/OSU-Newark
- Experience Works
- Licking County Job & Family Services
- Licking County Joint Vocational School
- Licking County Planning Commission
- Licking/Knox Goodwill Industries
- Ohio Department of Job & Family Services
- Ohio Rehabilitative Services Commission

SERVICES AVAILABLE

Employer services

Licking County Opportunity Links offers employers assistance with recruiting, retaining and training new and existing employees. Our goal is to provide employers with services needed to attract and maintain a qualified workforce. Services include:

Employee Recruitment

- Provide access to diversified applicants with varying skill levels
- Provide on or off site recruitment opportunities
- Job fairs

Incentives and Programs

- Subsidized employment program to offset training costs of eligible employees
- Job retention and supportive services to new and current staff

Training programs

- Customized training for job enhancement, job retraining and other specialized training programs

Services for employers who are downsizing

- On or off site orientation to services including continuing education for affected employees
- Career assessments and job seeking workshops
- Information and access to education and training
- Affected employees have access to a community resource center where they can receive help with resume development and job search activities

Job seeker services

Licking County opportunity links offers a comprehensive list of services to assist with individual job search.

- Access to job leads
- Resource room
